

SEREGO ALIGHIERI

WINE LOVERS WEEKEND

*A special stay to indulge
your passion for wine*

Enjoy a weekend in the rolling hills of Valpolicella Classica dedicated to the discovery and exploration of the marvellous world of wine while based in the historic Foresteria Serego Alighieri belonging to descendants of Dante.

You will be welcomed with a bottle of one of the noble house's own wines, "Possessioni Bianco", in your room, and a guided tour of our estates. The tour begins with a walk in the gardens and the vineyards of the property and a visit to the historic maturation cellars, perfumed with the distinctive aromas of cherry wood barrels used according to family tradition. Afterwards, the tour continues to Cantine Masi to see the fruttai, the place where grapes are laid to dry using the ancient Appassimento technique and the maturation cellar with their wooden barrels, one of the biggest in Italy.

The visit concludes with a guided tasting of 4 selected wines, designed to give you insight into the secrets behind our wines, particularly the Valpolicella region's premier product: Amarone.

Lastly, to complete the experience we will reserve a table for two for you at the "Vino e Cucina" Wine Bar which forms part of the Masi Tenuta Canova estate at Lazise del Garda. Here we will show you special pairings of our wines with traditional foods of the region.
